SUREWAY METAL

DESIGN, PROCESS, FABRICATE & GALVANIZING

Turnkey steel fabricator

Established in 1970, the Sureway Group of Companies operates as a fully integrated metal manufacturing and steel service centre.

About Sureway Group of Companies

Founded in 1970, the Sureway Group of Companies is a fully integrated metal manufacturing and steel service center. With four specialized divisions—Processing, Warehouse, Fabrication, and Galvanizing—we operate out of 105,000 square feet of advanced manufacturing and warehouse space, powered by a skilled workforce of over 120 dedicated professionals.

Sureway is proud to be one of the few facilities in Canada that offers direct-from-mill to end-user service, delivering unmatched efficiency and value.

Sureway Metal Systems is a complete, one-stop metal fabrication facility equipped with the latest production technologies. We provide expert fabrication in steel, stainless steel, and aluminum, with capabilities that include:

- Laser, Plasma, and Burning Tables
- CNC Brakes and Shears
- Ironworker, Saw, and Punch Press
- Tube Laser, Plate Rollers, Robotic Welding

Our in-house, fully staffed CAD (Computer-Aided Design) department ensures precision on every project. We work seamlessly with engineered drawings provided by clients, or we can generate detailed designs from hand sketches or physical samples—ensuring every project meets exact specifications and quality standards.

Sureway Metal Warehouse maintains a comprehensive inventory of steel products sourced directly from major mills across North America. Our knowledgeable and responsive team can also source non-stock items quickly and efficiently. Whether your order is large or small, we offer custom cutting services and flexible pickup or delivery options via our modern fleet of delivery trucks.

Sureway Welding and Fabrication provides full-service metal fabrication for a wide range of industries, including:

Drilling & Service
Construction Oil & gas
Power & Transmission
Mining & Agriculture
Data Centers, Solar, Wind

Our state-of-the-art facility, combined with our direct relationships with steel mills, enables us to deliver high-quality products quickly and competitively. We are CWB certified (W471, W59, and W186) and operate under a comprehensive Quality Control, Quality Assurance, and Health & Safety program

PROCESSING FACILITY 45,000 SQFT

- 1 **Fiber Plate Laser with Beveling Head - 22KW - 10' x 72'**
- 2 **Co2 Plate laser - 4KW 10' x 60'**
- 3 **Fiber Tube Laser with Beveling head - 12KW - 40' in and out**
- 4 **Iron Worker #1 with 1/2" thick capabilities**
- 5 **Iron Worker #2 with 1/2" thick capabilities**
- 6 **18" Capable Automatic Saw X3**
- 7 **Plasma Table #1 10' x 40'**
- 8 **Plasma Table #2 10' x 20'**
- 9 **Small Brake - 12' wide 125 ton**
- 10 **Medium Brake - 14' Wide 360 ton**
- 11 **Large Brake - 24' Wide 750 Ton**
- 12 **Plate Roller 8' Wide**
- 13 **Mobile Robotic Welder**
- 14 **Gantry Robotic Welder with Handler**
- 15 **Oxy Fuel Table - 8' x 20'**

GALVANIZING FACILITY

Sureway Galvanizing

Reliable Protection. Exceptional Finish. Delivered Fast.

At Sureway Galvanizing, we provide hot-dip galvanizing solutions tailored to meet the demanding needs of both commercial and industrial clients. Our modern facility is equipped with state-of-the-art equipment and advanced galvanizing techniques, ensuring every product we treat receives long-lasting protection against corrosion, wear, and harsh environmental conditions.

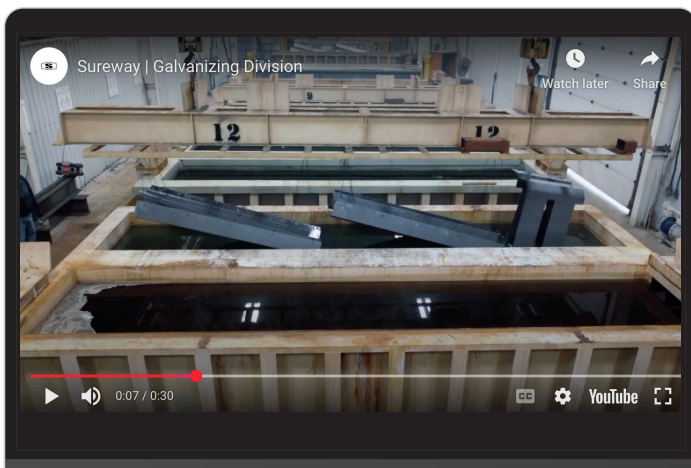

We understand that successful partnerships are built on trust and expertise. Our experienced team is here to support you through every step of the process—from evaluating your design and selecting the optimal galvanizing method to ensuring a timely, high-quality finish. With Sureway, you can be confident that your project will be completed on schedule and to the highest standard.

Galvanizing doesn't just protect—it enhances. The zinc coating provides a sleek, polished appearance, giving your steel products a clean, professional look while also improving durability and lifespan.

Maximize the life and value of your steel.

Contact Sureway Galvanizing today for a customized quote and see how we can bring strength, protection, and visual appeal to your next project.

FABRICATION FACILITY 45,000 SQFT

Sureway Fabrication

Precision. Performance. Proven Results.

Sureway's Welding & Fabrication division delivers complete metal fabrication services to support a wide range of industries—including oil & gas, mining, data centers, solar, wind, agriculture, construction, and drilling/service sectors.

With nearly 45,000 sq. ft. of state-of-the-art fabrication space, we're equipped to handle projects of any scale. Our facility features advanced equipment, highly skilled tradespeople, and direct relationships with North American steel mills—enabling fast turnaround times and cost-effective pricing.

Certified Quality You Can Trust

We're proud to operate with the highest standards of quality and compliance. Sureway Welding & Fabrication is CWB certified and CSA validated, holding certifications for:

- CSA W47.1
- CSA W59
- CSA W186

These credentials are backed by a rigorous Quality Control and Quality Assurance program, ensuring every project meets strict technical and safety standards.

Your Partner in Fabrication Excellence

Whether you need custom steel structures, precision welding, or full-service fabrication, Sureway is your trusted partner. We bring the capacity, capability, and confidence to help you deliver—on time and on spec.

WAREHOUSE

PRODUCT OFFERINGS

Structural Steel

- Angle (Even & Uneven, Structural & Non-Structural):
- Sizes from $3/4" \times 3/4" \times 1/8"$ up to $8" \times 8" \times 3/4"$, and $2" \times 11/2" \times 3/16"$ up to $8" \times 6" \times 1/2"$
- Channel:
- Sizes from 2" to 15", available in 20' and 40' lengths
- Wide Flange Beams (H-Beams) & I-Beams:
- Available in 20' to 60' lengths

Bars

- Flat Bar: From $1/9" \times 3/4"$ to $1" \times 12"$ (20' lengths)
- Solid Round Bar: From $3/16"$ to 2" (20' lengths)
- Solid Square Bar: From $3/8"$ to 2" (20' lengths)

Tubing

- Square Tubing: From $1/2" \times 1/2" \times .065$ wall to $10" \times 10" \times .375$ wall, in 20', 24', 40', and 48' lengths
- Rectangular Tubing: From $2" \times 1" \times .065$ wall to $8" \times 6" \times .250$ wall, in 20', 24', 40', and 48' lengths
- Round Tubing: Multiple sizes available, primarily in 24' lengths

“If we don’t have it, we’ll be happy to source it for you”

Sheet & Plate

- Sheet, Plate, and Checker Plate (Floor Plate):
- Standard sizes from 4' × 8' to 10' × 40', with thicknesses ranging from 16 gauge (1/16") to 6"
- Expanded Metal:
- Available in 4' × 8', 5' × 10' sheets
- Custom Plate Cutting:
- Thicker materials and special sizes cut in-house to meet your specs

Pipe

- Schedule 40 Pipe: Sizes from 1/4" to 8", in 20' and 21' lengths
- Schedule 80 Pipe: Sizes from 1/2" to 6", in 20' and 21' lengths
- Other Sizes & Schedules: Lighter, heavier, and longer pipe available upon request

Grating & Stair Material

- Bar Grating, Grip Strut, and Stair Tread:

A wide variety available for industrial and commercial applications

Trust Sureway Metal Warehouse to supply the steel you need—cut to size, delivered fast, and backed by service you can count on.

Contact us today for availability, pricing, and custom quotes.
